

Hey Guys,

What a day yesterday! It was great to have you ministering with us and I can't wait to hear the testimonies of what Father did in the altars. There were more people in the altars, praying and being prayed for, than I have seen in some time. One brother who has been attending only a short time (after an absence from church for several decades) expressed to me in his own unique way that he really sensed the presence of God. Trust me when I say that for him to express anything like that is truly a Holy Spirit inspired thing.

It was a particular blessing to the family that you weren't "just singers" but that all of you truly ministered to them in song, Word, deed, prayer, and power. You were very "real" and your love for Jesus was easy for everyone to embrace.

What a great Savior we serve!

Be Abundantly Blessed!
